Great Rooms Designers & Builders to Participate in the 2008 Chicago Luxury Home Tour

Libertyville, Ill. – Great Rooms Designers & Builders, Inc., a Libertyville-based remodeling and custom home design/build company has been elected to participate in the 2008 Chicago Luxury Home Tour for their “Art of a Craftsman” home being built in Libertyville, Ill.

“We’re thrilled to be part of the [Luxury Home] Tour this year. It’s an honor to have been selected. And we’re proud to have our work recognized among the best in the Chicago area,” said Craig Wolski, president, Great Rooms Designers & Builders, Inc.

The Great Rooms “Art of a Craftsman” home is a Craftsman style house reflective of the owners’ simple, unassuming lifestyle. The exterior was detailed with a low-pitch roof, oversized brick water table, and covered front and rear porches to reduce the visual bulk of the two-story elevations. The home consists of a total of 3,682 square feet on the first and second floors and a 1,300-square-foot finished basement. The room count is as follows:

- 1st floor – foyer, parlor, office, family room, dining area, kitchen, mud room, mom’s office, powder room and screened porch
- 2nd floor – master suite, three bedrooms, two full baths, reading nook and laundry
- Basement – family room, pool table area, craft area, bedroom and full bath
- Total of 5 bedrooms, 4.5 baths

The home will be on display during the Chicago Luxury Home Tour September 5–7, 12–14, 19–21, 2008 from 11:00 AM to 6:00 PM each day.

High-resolution photos of the home are available upon request.
